MOORE STEPHENS
ACCOUNTANTS & ADVISORS

Welcome

WELCOME to our third annual female sale of recent years. With our operation in full production we intend to keep our breeding herd at around 500 head. It has been challenging for us to know 'how big is big enough' in both the number of cattle we can manage and the land required to run them. We believe it terribly important for us as a family to have total control of our operation and remain involved hands on in all the day to day operations as this is the only way we know how our cattle perform, survive and reproduce. We believe that the success of our business has been largely due to the fact that we are 'hands on' cattle breeders, we live with our cattle and our cattle are our livelihood.

The selection of females to sell this year has been extremely difficult, particularly the young unproven heifers. So often a really top breeder will emerge from the back of the pack, and we certainly believe that many of these selling have the potential to do just that. Parting with top proven old matrons, champion show cows and successful donors is always hard - as is letting a few really great Raff Empire E269 calves go.

The more we become involved with science the more we appreciate the importance of good old fashioned cattle sense There are so many such important aspects of rangeland cattle and beef production that cannot be measured, particularly in northern Australia. It is very easy to lose sight of how nature works. We will always use science in our program but we will never be driven by it.

The Angus breed continues to attract premiums all over the world and is now firmly recognized as the Premium Beef Breed of the world. The challenge now is to maintain the purity of the breed in the commercial world. So many different breeds are now breeding 'black' in the belief that they can capture the inherent qualities of Angus and fetch the premiums available for Angus. We are proud of the fact that our cattle have comparable growth and yield to any breed or composite and are 100% pure Angus.

Again we will be holding an open day on the Sunday prior to the sale when we will have a cross section of our breeding herd and over twenty stud sires on display. We encourage you to attend that day as it gives us more time to talk with you learn more about your requirements. It is also a great opportunity to see more than just the sale cattle.

The sale will be interfaced with Auctions plus and phone bidding is available. For those that plan to attend please be sure to book accommodation early.

We look forward to your visit as there is nothing we enjoy more than showing people our herd.

The Raff Family

SALE MANAGER

GTSM

Glasser Total Sales Management

COMMISSION AND REBATES

5% commission will be paid to any agent:-

- Accompanying a client to the sale.
OR
- Attends the sale and purchases on a clients behalf
- Settling within seven days.

2% commission will be paid to any agent:-

- Introducing a purchaser to the vendor 48 hours prior to the sale but not accompanying the client to the sale.
- Settling within seven days

GUEST AUCTIONEERS

Brian Leslie

Ray White *Livestock Sales Management*

James Croft - 0429 318 646

Ray White Livestock Sales Management will be working in association with Michael Glasser of Glasser Total Sales Management. They will be responsible for handling the day's registrations and settlement of accounts.

AGENTS PLEASE NOTE -

All introductions to be made to Andrew Raff:

Email	andrew@raffangus.com.au
Fax	07 4627 6293
Phone	07 4627 6064
Mobile	0429 691 975

SAVE TIME - PRE REGISTER

This year we have introduced the new

“PRE SALE DAY - BUYER REGISTRATION”

This will “save time” on the sale day, it will have all of your details correct and all you will do on sale day is walk up and collect your BID CARD.

It is very simple – go to www.gtsm.net.au

website and click on the “On line rego button”,
fill out the form and press send!

PLEASE NOTE: Registration on sale day is still available as normal.

For further information contact Maz Glasser 0418 122 799

SALE INFORMATION

Registration Status

All animals are either **HBR** (Herd Book Registered) with a green tag or **APR** (Angus Performance Registered) with a yellow tag. Those with a white tag are fully imported Hoff embryo progeny.

Animal Identification

All animals are freeze branded with the 'bench axe' symbol, year letter and number. A near side ear tag has the females ID, year letter and number. The off side ear has the females NLIS tag. Lot numbers will be paint branded on animals on sale day.

Inspection

An Open Day will be held on Sunday 17th March when all sale cattle will be available for inspection. Sires and joining sires to these sale lots will also be available for inspection that day.

Sale animals may be inspected prior to the sale by arrangement with the vendors. Cattle will be penned ready for inspection from 9am on the morning of the sale.

Delivery

Cattle will be available for delivery immediately after the sale. "Mundibulanga" is in a tick free area and cattle are free to move interstate.

Transfer

With the exception of lots 93, 94 and 95 all lots that sell are registered with Angus Australia. If you would like your purchases transferred then be sure to inform our sales manager at the completion of the sale. The associated transfer fee will be borne by the successful purchasers.

Refreshments

Lunch and refreshments will be available on sale day with the compliments of the Raff family.

AuctionsPlus

Auction prices at this sale are live online and will be interfaced with the physical auction. A computer is used to bring the real time "on property" prices to your Internet screen for those that have registered as AuctionPlus bidders. Online bidders can place a bid on their computer and the result is immediately transferred to the person on property controlling the device - then on to the auctioneer. Bidding is only available to registered AuctionsPlus users.

We recommend registering online as soon as possible if you wish to use the facility and become familiar with the sites operation. We have undertaken to use AuctionsPlus as an additional option - we will still operate phone bidding. It has been put in place in order to make it more convenient for our clients to secure their selected lots.

You must register at least 24 hours prior to the sale on www.auctionsplus.com.au

Phone Bidding

Phone bidding is available on sale day. Please make contact with us 0429 691 975 or James Croft 0429 318 646 so arrangements can be made.

YOUR IDEAL ANGUS HERD IS NOW CLOSER THAN YOU THINK.

HD 50K includes
SNPs that can now be used for
parentage verification
through Angus Australia*

HD 50K for Angus is a simple genetic test that will help you to create the herd you want sooner. Bulls that are HD 50K tested provide you with the confidence of a more complete genetic picture. HD 50K results are now incorporated into Breedplan EBVs, and provide performance predictions on 16 economically important traits. To take your breeding decisions to the next level call

 Tend Tenderness (kg SF)

% Breed Rank:

The percentile rank reported in this supplementary sheet is a benchmark against the overall population of Angus animals tested with Zoetis' HD50K for Angus. Rankings are shown from 1% to 100%. For example: An animal with a Breed Rank of 10% means that the animal is in the top 10% of the Angus animals tested so far.

REFERENCE & JOINING SIRES

RAFF EMPIRE E269 is a 10th generation Raff bred bull who traces back to our foundation cow, Sarum Doris 19th that we purchased in 1965 when the then 'Forres' stud was founded. His 3rd dam is sired by Raff Ultimate U27 who we bred from the great Burnette family and is a direct descendant of the great Burnette A22. We consider Empire to be the greatest bull we have ever bred. He won eleven Inter-breed Supreme Beef Exhibit titles including the Melbourne Royal Angus Feature Show and Dubbo Beef Spectacular. His first daughter sold for \$17,000 at last year's female sale with his first sons selling this September 23rd. Rarely does a sire that excels in the show ring breed on - Empire breaks that trend as his progeny are all of a kind ... they are outstanding.
5 progeny sell as calves at foot.

RAFF EGO E266 is another Hoff Blackbird 5217 son by a bull we found at the last AI center we visited in USA several years ago. Ego E266 is a very smoothly made and strong topped bull with extra softness and doing ability. He has a very high tenderness MVP. Every calf sired by him calved down easily from heifers last year and have grown on to show a more moderate maturity pattern with excellent docility. This is a sire that will become one of leading 'heifer' bulls. A flush brother sold to Irelands Angus stud with a flush sister possibly our best "F" heifer we have ever bred. **2 daughters sell as un-joined heifers with a number of lots sell with his natural services.**

RAFF EXTERMINATOR E201 was a standout at birth and is proving to be an outstanding sire. He has extreme length, strength of spine and thickness with a great skin type. He is a half-brother to Raff Ego E266 and from a Pathfinder Hoff cow who is the grand dam of Hoff Limited Edition. His full flush brother sold for \$18,000 at our sale several years ago at 25 months weighing 1,152 kg, EMA of 147sq cm, 17/15mm fat, 6.1% IMF and a 44cm scrotal with a 7.9 frame - who needs to use blacks euro's when Angus cattle can have performance like that! **2 daughters sell and 2 bulls sell as calves at foot plus his natural services.**

REFERENCE & JOINING SIRES

RAFF ENCORE E110 is a ¾ brother to Emperor E106 and combines what we believe to be the best modern day cow Hoff Moriah 822 with our favorite old cow Leachman Lass 1004 - the power of the pedigree really shows through here. To sustain a viable cow herd sooner or later the breed is going to need these reliable tried and proven genetics that breed bulls with power and capacity and cows that have shape and constitution. Encore is an upstanding individual, smooth through the front, wide through the back end and has a wonderful nature. He sold at our bull sale last September when weighing over 1300 kg's and is replaced by another flush brother Raff Freddo F143. **3 daughters sell by him and another standout heifer sells as calf at foot on lot 3. His natural services feature also.**

RAFF EXPLOSIVE E108 is one of only a handful of Connealy Danny Boy sons in Australia. He is a massive bull that typifies what a Raff bull should be - phenomenal growth, extreme length, great neck extension and perfect shoulder set with a powerful head. His first sons sold last year topping at \$40,000 to average over \$12,000. His paper performance tells us that he is a 'curve bender' for growth whilst being outcross in genetic type to the mainstream Angus. We intend to use Explosive heavily through AI in the years ahead. **3 daughters sell along with one bull that sells as calf at foot.**

RAFF EMPEROR E106 is another power packed Moriah son. We used his sire Leachman Hoss to capture the genetics of his dam Leachman Lass 1004 (also the dam of Leachman Prompter) a cow that David Raff ranks as one of the all-time great Angus cows he has ever seen. Emperor is a big boned and strong headed sire with near perfect feet and legs with big testicles. He has so much volume and width of hindquarter that indicate he should breed cows with shape and capacity. A full brother sold south several years ago producing as magnificent a line of daughters as you could want. **2 daughters sell as well as his natural services.**

REFERENCE & JOINING SIRES

RAFF EMBLEM E69 adds to the amazing of battery of sires that Hoff Moriah 822 has produced for us. Sired by Limited Edition's sire Hoff Charger 242 - Emblem again has the power and volume lacking in so many Angus today. It would be hard to change his confirmation to make it any better. His calves are of a type while his flush sisters are really great, easy doing females. Emblem is such a safe and predictable sire with another full brother retained for within herd use - Raff Gladiator G327. **1 daughter sells and two progeny sell as calves at foot along with his natural services.**

RAFF ENTICER E66 is sired by the breeds leading maternal sire TC Dividend 963 - a bull the famous TC Ranch in USA was reintroducing into their herd in 2008 to breed some cows despite of him being first used over twenty years ago - this proves that good genetics never date. Enticer E66 is a power bull with extra neck extension, is upstanding with vigor. We have full sisters in production and they are all neatly made and honest in type. His progeny are well made and exhibit all the desirable qualities of their sire. **2 daughters sell.**

RAFF DUKE D367 is a powerful, thick and deep bodied bull with a wonderful disposition and body shape. He is one of six sons of the great Hoff Moriah 822 we have retained for stud sire duties. Her progeny are all incredibly consistent as they are big and powerful with excellent structure and temperament. Duke's sire is Shady Brook Prime 251F who was regarded as one of the best GT Expo sons - Andrew and Anna regarded the Shady Brook Prime cows in the Hoff Dispersal as the best sire group in the sale. The first progeny of Duke are impressive with his best son last year selling for \$22,000 - they are all quality plus. **2 magnificent daughters' sells along with lots depastured to him.**

REFERENCE & JOINING SIRES

RAFF DICTATOR D364 is a massive 63 inch and 1400kg son of Hoff Lady Durham by the old breed legend Leachman Prompter. His athleticism, carriage and little bit of arrogance - the way he prances around the paddock - has earned him the title 'the thoroughbred stallion'. His progeny have the extra neck extension and lovely shoulder setting of their sire - his daughters should make wonderful cows whilst his sons ranking as some of the top weight gain performers at last year's sale. We have a flush brother to him back here, Raff Domino D347, who also features his services. **4 daughters sell along with lots depastured to him.**

RAFF DAZZLER D353 is a unique and most complete performance sire for raw data, EBV's and MVP's. He is a low birth weight bull with explosive growth, massive scrotal, carcass weight and eye muscle area. His MVP's have him ranked highly for tenderness, with excellent feed efficiency and better than breed average for marbling. Sired by Papa Equator from our great Hoff Blackbird 5217 makes Dazzler a flush sister to Raff Dynamite D345 who sold for \$18,000 at our 2011 sale and the Interbreed winning show cow Raff Blackbird D349. The sheer red meat capacity and fine skin type complement Dazzlers' performance. We sold him to Myanga Angus and has since been replaced by a full genetic brother we have purchased from Stoney Point Angus, Keith SA at last year's sale. **3 daughters sell along with 4 progeny selling as calves at foot.**

RAFF DOMINO D347 was the pick of his flush who we sold as a yearling at our first sale where Hoff import genetics were offered in 2009. He is a full brother to Raff Dictator D364 along with a number of sisters that we have in production here. Just last year we bought him back as his genetic worth is invaluable to us. He is extremely quiet and sound footed and combines all the proven 'aged' genetics that live long and stay sound. **A number of lots sell in calf to him**

REFERENCE & JOINING SIRES

RAFF DYNAMITE D345 sold to a partnership of Steve Hayward & Kellie Smith Qld and Irelands Angus NSW for \$18,000 at our 2011 sale. He is a magnificent beef bull that weighs heavy, has excellent skin type, extra bone, great capacity and overall balance. The performance data on Dynamite is exceptional being moderate for birth weight, explosive growth, adequate milk, big scrotal and EMA with massive carcass weight and retail beef yield - all the traits that make money. He is a full brother to used sire Raff Dazzler D353 and the Brisbane Royal Show Interbreed Champion Female Raff Blackbird D349. **2 daughters sell**

RAFF DEFENDER D218 is another direct son of our leading Hoff cow Moriah 822 and flush brother to the \$21,000 and \$18,000 high selling bulls at our 2009 Bull Sale and to our stud sire Raff Distinction D197. He is beautiful bodied, frame 7 bull with near perfect structure and a kind disposition. He stamps his type on his progeny as they calve easily, have plenty of growth and are easy doing. Defender was sold to Paul and Faye Land in Victoria after three seasons in the Raff herd for \$14,000. **2 daughters sell.**

RAFF DALLAS D216 was Grand Champion Angus Bull at the Brisbane Royal in 2010 and Reserve Senior Champion at the Adelaide Angus Feature Show that same year. At both shows he had the highest growth and largest EMA of all breeds while boasting double digit fat scans and an IMF of 7.0%. He is a large framed bull with wonderful neck extension and shoulder profile who works the paddock with the greatest of ease ~ his daughters are going to have extra frame with great fronts. A rising 5 year old this year he shows ideal mobility and soundness for a sire that weighs over 1400 kg's. **9 daughters sell and 1 bull as a calf at foot with a number of lots depastured to him.**

REFERENCE & JOINING SIRES

RAFF DISTINCTION D197 must be considered one of our better bulls resulting from our USA embryo import program. With so much power, substance, volume and capacity Distinction really is an amazing beef bull. He is wide based with excellent feet and legs; he has a long body and a strong spine with incredible width and depth of hindquarter. Like all Moriah sons he has a wonderful disposition. The Distinction progeny all exhibit extra great heads and muzzles, extra bone with good docility - he is a sire that will stay here forever. **2 daughters sell.**

RAFF DIPLOMAT D155 was retained from his group and used as a yearling that year. His natural fleshing qualities and muscle expression combined with his integrity of pedigree made him the sensible choice for within herd use. His dam was out of a full sister to Raff Ultimate U27 and was sired by a full brother to one of our leading carcass females and donor - Raff Doris X169. To get consistency of progeny you have to use animals with years of proven pedigrees - Diplomat had just that. He was sold in 2010 for \$15,000. **3 daughters sell.**

RAFF DAKOTA D85 is a ¾ brother to Hoff Limited Edition that is just so beautifully balanced and structurally correct. Contrary to his performance data Dakota is one of our most complete bulls as he is a bull that will make cows the right shape for them to thrive, survive and reproduce in any environment. While his dam Hoff Blackbird 5217 was not a prolific embryo producer her sons and daughters have been outstanding. The first of Dakota's daughters calved down last year with every one of them expressing ideal under confirmation and teat size. **2 daughters sell along with 1 bull as a calf at foot**

REFERENCE & JOINING SIRES

J & C APPEAL A10 first took our eye when a young calf on his mother - we returned a year later and purchased him. Few bulls have had such a positive impact in breeding bulls as Appeal has. His progeny consistently sell for an \$8,000 plus average and at the 2011 Sydney Royal both the Senior and Junior Champion Angus bulls were both Appeal sons. We have not experienced a sire to so consistently transmit weight for age into progeny. He is the sire of Raff Empire E269 - one of Australia's most acclaimed show bulls of recent times. **2 daughters sell.**

ROSSANDER BLACK THUNDER A191 was purchased at just 11 months when we were on the road inspecting a number of southern herds in 2006. He was a great looking bull as a youngster that grew out to be extremely easy doing bull with a moderate maturity pattern. He was used heavily from a young age and always proved to be a good calf getter with a high service load. We have some ideal daughters in production and just last year used him back in AI over some of our larger framed heifers. **7 daughters sell.**

ONEILLS ROYAL EDGE K337 described by his breeder Jim O'Neill as "One of the most powerful 3 year old Angus bulls you will find anywhere. He is extremely deep, has excellent feet and legs, is extremely docile and has adequate bone with tremendous muscle and a square rump carrying down to an excellent quarter. Like all Expedition progeny he is extremely long bodied." We bought him at their annual bull sale as the second high seller and later re-sold him after collecting his semen for export. We have some really good Royal Edge daughters coming into the herd that are very strong maternally. **3 daughters sell.**

RAFF X-FACTOR X3 was purchased back into the herd as an aged bull after topping our 2003 bull sale. He is one of our highest IMF% scanning bulls as was his dam Doris V9 and his flush sister. X-Factor is incredibly potent at breeding high marbling cattle from even moderate IMF cows. We retired him at ten years of age after many seasons at Piliiga NSW where he was first sold and over 100 progeny calved down here. We will keep his semen on ice as he could be a sire we may use selectively in the future to add fat and marbling without compromising pedigree merit. His MVP's (Molecular Value Predictions) have him ranked as one of the best within the breed for Marbling. **12 daughters sell.**

angus Raff angus

— Breeding Angus in Queensland since 1965 —

- Lots 1 - 25** Cows and first calf heifers with Autumn born calves at foot - including some outstanding Raff Empire E269 progeny. All of the calves have been 3 germ blooded for tick fever with the majority being bull calves.
- Lot 26** Pick of the flush. First progeny on offer by an import AI son of the world's leading marbling sire. From what we consider to be the 'flush of 2012' these five full sisters combine the best of Raff with an outcross carcass sire. Successful bidder picks one and we keep the rest.
- Lot 27 - 29** Three of our best Burnette cows. The 2010 Sydney Royal Show Grand Champion Female sells along with her half-sister sired by a leading Jets Pagent/Hi Road 956 son. Their dam is a full sister to Raff Ultimate U27 - she sells as lot 29.
- Lot 30 - 53** PTIC and joined Raff Angus females - predominately HBR.
- Lot 54 - 78** PTIC and joined "G" heifers of outcross genetics to mainstream Australia. All have been 3 germ blooded for tick fever.
- Lot 79 - 90** Un-joined heifers including daughters from Hoff import females. All have been 3 germ blooded for tick fever.
- Lot 91 - 92** Two pens of Raff Angus PTIC and joined heifers {APR} sired by full Hoff import sires. All have been 3 germ blooded for tick fever.
- Lot 93 - 95** Wallangra Angus commercial un-joined heifers - 32 heifers selling in 3 pens.

Lot 2 - Raff Burnette A33

This cow always breeds well with a cracking calf at foot - her Defender D218 son sold in 2011 for \$10,000. Her dam's pedigree is impeccable and has been a donor over the past years. Sells with heifer calf at foot H418 {3 germ vaccinated} born 15/09/12 sired by Raff Empire E269. Depastured QRFD367 28/09/12 to 05/12/12

Lot 3 - Raff Doris B210

Phenotypically Doris B210 is one of the more attractive females to sell. Sired by the \$50,000 Time Frame Y135 bull she is a highly fertile cow with an excellent udder profile. Her grand-dam Doris S128 is still perfectly sound and productive here at 15 years. Sells with heifer calf at foot H324 {3 germ vaccinated} born 08/08/12 sired by Raff Encore E110. Depastured QRFD216 28/09/12 to 31/12/12

This is the last of the cow/calf units to sell. She calved down easily at just 22 months of age and comes from a line of honest and functional cows. Sells with bull calf at foot H301 {3 germ vaccinated} born 26/07/12 sired by Raff Frodo F117. Depastured QRF252 29/08/12 to 31/12/12

"During the past decade we, like many Angus seed-stock breeders, were under immense pressure to use high performance 'paper' cattle to 'maximise genetic gain and improve carcass quality'. We refused to follow that trend because we were not prepared to sacrifice those things we believed important - genetic diversity, real growth and yield, temperament, structure and fertility. As a result, today we have a herd of Angus cattle that are unique in genetic makeup and type - cattle that will maximise the dollar return to the commercial cattleman for a wide range of quality market options."

These five heifers are from what we consider to be the flush of 2012. They are sired by the new Raff AI sire O'Neill's Prime Star 80 making them grand-daughters of the world's leading marbling sire Gardens Prime Star. These genetics are the first ever to be offered in Australia and are carcass genetics without any New Design or Precision blood. They are from one of our highest marbling and elite donor cows Raff Doris E12 whose sire sold privately in 2002 for a Queensland record of \$30,000. This is an unique opportunity as they combine the Raff breeding principles of 47 years with extra marbling. All five heifers will enter the ring with the winning bidder selecting the heifer of their choice as their purchase.

Lot 27- Raff Burnette B126

Raff Burnette B126 was Grand Champion Angus Female at the 2010 Sydney Royal Show. Phenotypically she is as good as you could get. We only sell her as she became a donor with many embryos expected this year out of her - however we still sell her with reluctance. Her dam is a full sister to Queensland's record priced private sale bull at \$30,000 whilst her sire held the Australian auction record at \$50,000 for a number of years. Burnette B126 has a perfect udder profile with predictability of pedigree and a proven breeding record. She must be considered for future donor duties. Depastured Raff Dictator D364 17/08/12 to 09/12/12.

Lot 28 - Raff Burnette Y69

This is a magnificent Angus matron with loads of capacity and substance with extra strength of muzzle yet she still remains feminine and attractive. Burnette Y69 is a half sister to the previous lot whose sire stems from some of the very best within the Angus breed. Again she only sells as we have enough progeny both on the ground and on their way through embryo work. This is a powerful Angus cow and one that must be considered. Depastured Raff Dictator D364 17/08/12 to 09/12/12.

Lot 29 - Raff Burnette U108

If you liked either of the previous lots and missed out then here is their dam. Raff Burnette U108 is a full flush sister to the highly mentioned Raff Ultimate U27. Burnette U108 is a rising 14 year old that is still wonderful sound. She is long with tremendous strength of spine and would have been a donor here if we had not used her brother both naturally and through AI. Her dam, Burnette M51, had an impeccable calving record with 12 natural calves in her first 9 years of production {3 sets of twins} as well as 12 embryo calves also in that time. Depastured Raff Dictator D364 17/08/12 to 09/12/12.

Lot 31 - Raff Burnette X10

Admired by one of Queensland's leading Santa Gertrudis breeders when viewed as a heifer within a big mob of weaners in 2002 Raff Burnette X10 has gone on to mature into as powerful an Angus cow as you can get. She has a tremendous muzzle that then extends to the rest of her powerful body. Just four generations back is the breed matriarch Forres Burnette A22 with every cow in between just absolutely magnificent. Depastured Raff Domino D347 16/08/12 to 24/10/12.

Lot 41 - Raff Doris E154

E154 is a good type of female that is fleshy and easy doing with a pedigree free of any 'fancy' genetics. Her dam is an ideal type of Angus cow and produced the mother of Raff Doris W10 who gained recognition when she produced AI sire Raff Midland Z204. Depastured Raff Exterminator E201 21/08/12 to 31/12/12.

Lot 54 - Raff Doris G50

This young Doris female is magnificent. She is docile and deep with so much substance and has always shown to be an easy doing type. Brothers to her sire have topped at \$20,000 in past bull sales here. This is a lot that must be considered. Depastured Raff Ego E266 17/08/12 to 24/10/12.

Lot 55 - Raff Burnette G51

Burnette G51 has overall balance and eye appeal. She has plenty of natural fleshing yet has still stayed refined and feminine through the front end. Her sire and full brothers to him have bred some amazing cattle throughout Australia. Depastured Raff Ego E266 17/08/12 to 24/10/12.

All your agribusiness lending needs, rolled into one.

Introducing the new Business Ready Package.

For a true all-in-one agribusiness lending solution, look no further than the Business Ready Package*. It includes up to three term loans and an overdraft facility – all rolled into one convenient package.

With the flexibility and freedom to combine different loan types, you'll find it easier to keep in control of your cash flow and grow your business. Other benefits include:

- Competitive interest paid on all balances in credit*
- Easy access to your overdraft by cheque, cash or internet banking
- Choice of fixed or variable rate term loans, either interest only or principal and interest
- No hidden charges. A single quarterly fee covers all standard transaction charges*.

To find out how the Business Ready Package could help keep your business on a roll, talk to your District Banking Manager today.

Gavin Gunther

"Angus breeders in the south are switching to Black Euro type bulls to regain growth and yield due to the breeds intense selection pressures of low birth weight, low mature cow weight and high marbling cattle! The single most important factor influencing profit is weight. That's why Raff Angus have maintained extra growth and yield with the 'traditional' Angus carcass qualities."

RAFF ANGUS100% PURE more than just a black hide!

Lot 80 - Raff Doris G423

Since cataloging this female I have been thinking that this heifer must go into a Brahman/Brangus herd to inject the 'traditional' Angus influence into their program. Muzzle, bone, weight, substance and capacity are words that best describe her - she even has big ears. We sell with reluctance. Unjoined. 3 germ vaccinated.

Lot 81 - Raff Lady Durham G425

Lady Durham G425 is a magnificent young heifer of good phenotype, strong performance with extreme soundness of pedigree. A full brother here weighed 792 kg's at just over 14 1/2 months to be gaining 1.63kg/day whole of life. She was produced from a big flush so sisters are retained. Unjoined. 3 germ vaccinated.

WITHDRAWN

Lot 83 - Raff Lady Durham H16

Raff Lady Durham H16 is a magnificent young heifer that, from her dams side, combines all the important traits that allow an animal to stay sound and live long. Her sire is our best and adds phenotype and absolute performance. H16 is refined and as feminine as you want that has style. Unjoined. 3 germ vaccinated.

LOT 93, 94 & 95 - 3 PENS OF UNJOINED COMMERCIAL WALLANGRA ANGUS HEIFERS

It is with our pleasure that the following lots are offered on account of Mrs Joyce Hodgkinson "Wallangra Angus", Wandoan. Joyce has been a long-time supporter of Raff Angus genetics with their first purchase of a bull in 1976. Ten sires have since been purchased from us over the past decade. Since establishment Wallangra Angus have gained a strong reputation of producing easy doing and structurally sound Angus cattle docile in temperament. These pens of commercial heifers give you the opportunity to purchase Angus females from one of Australia's longest serving active Angus members of over fifty years.

Lot 93 - Pen of 12 Un-joined Commercial Angus Heifers ~ 15 months.

Standard Stud Stock - Auction Terms and Conditions of Sale

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore, to:-
 - a. Refuse to acknowledge any bid;
 - b. Withdraw any lot or lots before or during the sale;
 - c. Exclude any person from the auction venue should it think fit
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
 - a. The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
 - b. The vendor and the purchaser shall resolve the dispute between themselves
 - c. The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - d. No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9.
 - a. PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
 - i. Rescind the contract on behalf of the vendor and repossess any resell any lot
 - ii. Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two percentum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.
 - b. The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform sale.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of an general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
- 16.
- a. Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms an Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise is hereby excluded. The auctioneer is not liable in respect of any error, mis-description or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, mis-description or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
 - b. Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.
17. GUARANTEES OF FERTILITY:-
- a. BULLS
Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later
 - b. FEMALES
Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later. A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
 - c. Claims under Clause 17a. and 17b. guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.
 - i. All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim
 - ii. Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.
 - iii. The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.
 - d. LIABILITY OF A VENDOR
Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.
 - e. REFUNDS
In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.
 - f. This guarantee shall be voided by the purchaser if:
 - i. The animal is returned to the vendor -
 1. In poor physical condition or with any injury;
 2. Tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or
 - ii. The purchaser has collected and stored semen from a bull or embryos from a female
 - g. In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.
- 18.
- a. Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
 - b. If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
19. DELIVERY - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
20. In these Conditions:-
- a. References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;
 - b. "Purchaser" shall have the meaning ascribed to it in Condition 1;
 - c. "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm.

d. "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

Important Notice

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy. All persons who attend the sale do so entirely at their risk and the selling agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.

The hammer price is exclusive of GST but GST will be applied to the final hammer price and included on the invoice.

~ SALE CATALOGUE DISCLAIMER ~

"All reasonable care has been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendor or the selling agents make no other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in this catalogue. You are encouraged to seek independent verification of any information contained in this catalogue before relying on such information."

VOLUNTARY WARRANTIES for bulls, females and embryos. Recommended for use by Angus Australia members selling at auction or by private treaty. Version 5 as at October 13, 2008.

FEMALES

1. The seller warrants that:
 - (1) Females over 8 months and catalogued as unjoined or not pregnancy tested in calf (PTIC) are fertile to natural service within 12 months of date of sale to the purchaser ("**Warranty Period**"); and
 - (2) No fertility warranty is given in respect of females pregnancy tested in calf (PTIC). A PTIC certificate does not constitute a warranty but is the veterinarian's opinion that the female was in calf at the date of certificate.
 - (3) Females offered for sale are of the parentage as catalogued.
2. The seller will credit or refund the purchase price of females (excluding any costs and expenses of the purchaser in taking delivery):
 - (1) Where the purchaser claims a female is infertile, upon the purchaser submitting a veterinary report after the expiration of the Warranty Period to the effect that the purchaser has been unable to get the female in calf to natural service, and a Statutory Declaration by the purchaser to the effect that the substance of the report is true and correct. The veterinarian must state that in his/her opinion there is no evidence that the female has suffered any injury or illness during the Warranty Period which could have affected her breeding ability. The veterinarian must also state that in his/her opinion there is no evidence that the female has been subjected to embryo transfer procedures during the Warranty Period. The veterinary report and Statutory Declaration must be forwarded to the seller within 14 days of the Warranty Period expiring. Any refund payable by the seller will be made within 21 days following the receipt by the seller of the veterinary report and Statutory Declaration.
 - (2) Where the purchaser claims a female is not of the parentage catalogued, upon the purchaser submitting a DNA test or blood test within the Warranty Period indicating that the female is not of stated parentage.
 - (3) Where the term "credit" is used means the giving by the seller to the purchaser of a sum equivalent to the amount of the purchase price for use by the purchaser only in relation to the purchaser from the seller of another female.
3. The purchaser acknowledges that the purchaser does not rely and it is unreasonable for the purchaser to rely on the skill or judgment of the seller as to whether the females supplied are reasonably fit for any purpose for which they are being acquired.

Disclaimer of Warranties

The seller makes no representations or warranties regarding the state, quality or condition of the females offered for sale or sold. The Trade Practices Act, 1974 (Cth) and certain corresponding State Legislation imply terms, conditions and warranties into some contracts for the supply of goods and services and prohibit the exclusion, restriction and modification of such terms ("Prescribed Terms"). Except as provided by the Prescribed Terms all terms, conditions and warranties express or implied by custom, law or statute in any way relating to the state, quality or condition of the females offered for sale or sold are hereby excluded.

Limitation of Liability

Except as provided by the Prescribed Terms, the seller shall not be liable for any indirect, incidental, special and/or consequential damages including but not limited to loss of profits arising out of any reliance by the purchaser on the information or content set out in this sale catalogue and/or the quality or condition of the females offered for sale or sold.

To the maximum extent permitted by law the seller's liability for breach of any Prescribed Term is limited at the option of the seller to:

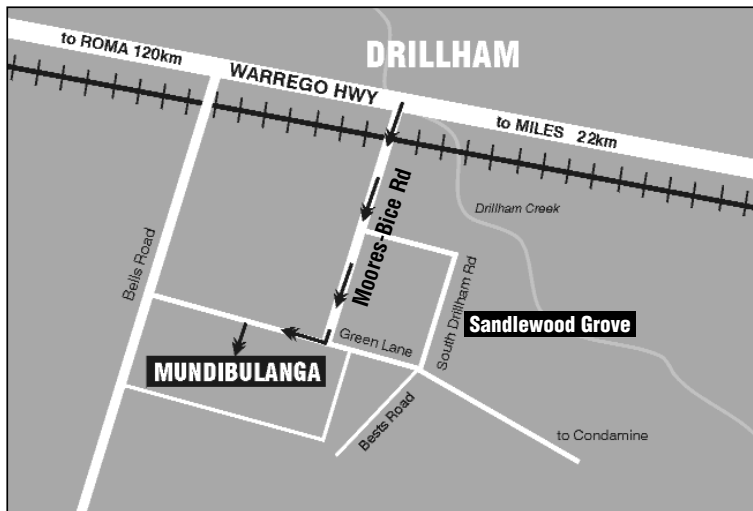

- i. The replacement of the female; or
- ii. The supply of an equivalent female; or
- iii. The payment of the cost of replacing the female or acquiring an equivalent female.

Notes

“MUNDIBULANGA” DRILLHAM

From Drillham take the South Drillham Road over the railway line, straight ahead on to the gravel road for 6km to t-junction, turn right. “Mundibulanga” 2km on left.

Travel

Daily air flights between Brisbane and Roma QANTASLINK. Phone 13 1313

Accommodation and transport from Roma to “Mundibulanga” can be arranged by contacting the vendors or your preferred agent.

An all weather 1300 metre airstrip is located just south of Miles. For transport please contact the vendors.

A 900 metre gravel airstrip is located on “Mundibulanga” adjacent to sale complex.

“Mundibulanga” is approximately 4 hours by road from Brisbane and 1 hour from Roma and 8 kilometres south of the Warrego Highway.

Accommodation

- Golden West Motor Inn MILES - 07 4627 1688
- Starline Motor Inn MILES - 07 4627 1322
- Windsor Hotel/Motel MILES - 07 4627 1159
